CAP EMERGENCY SERVICES TRAINING AND OPERATIONAL MISSIONS

CAPR 60-3, dated 26 December 2012, is supplemented as follows:

SUMMARY OF CHANGES:

Added Incident Commander Levels of Complexity definitions; identifies the training requirements and documentation for Incident Commander(IC) level 1 and level 2 qualification and establishes the Northeast Region Commander's Incident Commander Review Board.

Paragraph 1-14. ADDED.

The Incident Commander Specialty levels 3, 2, and 1 are of varying complexity and correspond to the type of incident that CAP is activated for.

- a. A NER Incident Commander level 3 is expected to handle missions on a local level involving an Area of Responsibility (AOR) within a single Wing.
- b. A NER Incident Commander level 2 is expected to handle operations on a multi-wing size mission.
- c. A NER Incident Commander level 1 handles the most complex missions that may involve multi-region or National operations.
- d. The complexity and type of mission will dictate the size of the staff activation, Incident Actions Plans written, formal briefings, and the amount of inter-agency coordination needed.

Paragraph 2-2. d. (1) ADDED

- (a) Within NER, CAPFs 101 for level 1 and level 2 ICs must be approved at the region level or higher, by the commander or the commander's designee.
- (b) The NER/CC will appoint a NER Incident Commander Review Board (ICRB) to review and recommend the approval/disapproval of applicants who have completed all the training requirements for Incident Commander levels 2 or 1. The Board will be chaired by the NER Deputy Chief of Staff for Operations.
- (c) IC levels 2 and 1 trainees will be interviewed by the ICRB.
- (d) The NER/CC or designee may in extenuating circumstances waive any the requirements of this supplement for qualified trainees based on the trainee's background and experience.

Paragraph 2-2. f. ADDED

To obtain approval the trainee must have a current IC 3 specialty rating in eServices OPS QUAL, completed all the SQTR required Familiarization and Preparatory training, and received written approval from the trainee's Wing Commander.
